COURSEWORK / SKILLS

- Javascript
- HTML
- SASS
- MongoDB
- CSS
- Tailwind

PROJECTS

Task Management App [🔗](#) | Technology Stack Used -HTML , CSS,JavaScript

- * It is a Task Management App where you can manage your tasks and incur total efficiency of your day. I used browser local storage to store the Tasks.

Music App [🔗](#) | Technology Stack Used -HTML, CSS,JavaScript

- * It is a Music App where you create your own music free of cost. In this app I added a lot of musical instrument sounds so you just press the key and it will start to play..

Personal Portfolio Website [🔗](#) | Technology Stack Used -HTML , CSS, SASS,JavaScript

- * A personal portfolio website to show case my frontend skills..

VS Code Website Clone [🔗](#) | Technology Stack Used - HTML,Tailwind CSS

- * I made a clone of VS Code Website using HTML and Tailwind css.In this project I learn how to use tailwind class.

HTML,CSS Landing Pages [🔗](#) |

- * Here I am sharing a readme file. In this readme file I added all of my HTML,CSS landing pages which I build with the help of HTML,CSS only, these are 17 landing pages.
